Scott

have just returned to reality and i can tell you it is not a pretty sight. bumpy congested roads, petrol at 92 pence per litre and large visa bills. think i will slip back into dream mode and do another lap on the Road King ! Would just like to say how impressed i was at how smoothly my holiday went and the excellent choice of routes and also thank you for all the help and assistance that made the trip so easy. some of my biking friends have shown an interest in contacting you and i shall certainly spread the good word at every opportunity.

all the best for the future

kind regards

Ian Mccaw
