Scott,

What a trip! The bike ran great, the weather was real nice, and the roads were something else! Hope you found the bike in good order on Tuesday, as I left it and the key at the Phoenix Inn. I did make it through Joseph, although on the way back from Spokane. I ended up rolling into town at about 9:30pm, without a reservation, and found that all the hotels, B&B's and camp sites were full! I eventually found an RV camp in town that agreed to let me set my tent up at the entrance to the park. Had a lot of fun setting up my tent in the dark and in the rain, but eventually got a good nights sleep out of it. Hope all is well, and perhaps we'll meet again.

Regards,
Jim
